Custom buttons can include both text and graphic you provide.

Hall Stations with ANSI Flame Insert *Super Durable & Wear-Resistant*

Our ANSI flame insert can easily be replaced if vandalized, without replacing the entire hall station. Finish is highly resistant to harsh cleaning agents.

The ANSI flame insert is superior to silk screening and paint-filled applications **and** costs less!

All hall stations can be ordered with a high quality ANSI flame insert.

Escalator Products

UNITEC stocks a wide array of parts for Otis escalators, including steps, step chain, treads, risers, combs, comb plates, rollers, bearings and much more.

In addition to Otis, we offer escalator parts for other manufacturer's installations.

Company Overview

Let Us Introduce Ourselves...

We understand that there are a lot of choices out there and that's why at Unitec Parts Company we have built our business around the basic premise of helping our customers meet their requirements by offering exceptional customer service, competitive prices and quality OEM parts.

As the authorized distributor of Otis OEM elevator and escalator parts, we have complete access to Otis machine records that assist in identifying the vintage of the equipment. We also have access to Otis blueprints and are able to support older vintage Otis products. Our product line extends beyond the over 150,000 top-quality OEM parts for Otis equipment, to parts for Armor, Dover, Houghton, Kone, Montgomery, Schindler, ThyssenKrupp, U.S. and Westinghouse equipment.
