

Otis Sills and Thresholds

NOTES:

- W = Member Width
- N = Nose to 1<sup>st</sup> Groove Edge
- H = Member Height
- G = Groove Width
- T = Distance between Grooves on 2/S Members

- AL, -41 = Aluminum
- BR, -7 = Bronze
- NS, -45 = Nickel Silver

The "nose" of the sill or threshold is the edge toward the hoistway side.

Any longer length shape can be special order-cut to your request.
